Sub: Advisory: Cyber Attack attempt at MoD by PIOs.

It has been informed by some reliable sources that Pak Intelligence Operatives(PIOs) based in Pakistan and elsewhere, continue to ferret out strategic, sensitive and tactical information using pseudonymous calls as modus operandi. They have stepped up efforts to mount cyber attacks on various sensitive installations/departments, by sending malicious files **through email**. These files disguised as legitimate documents contain embedded malware.

2. This is for your kind information, to make your concerned staff/officials vigilant against such practices & to take prompt actions against any such attack.
